

FAMILY CHILD CARE HOME CHECKLIST FOR PROVIDER, STAFF, AND HOUSEHOLD MEMBER RECORDS

This document is being supplied as a sample that can be utilized in this format or tailored to meet your program specific needs. The records included on this sample checklist are required by regulation, however do not include all records you may be required to maintain. Please keep in mind it is the responsibility of the provider to ensure compliance with all regulatory requirements. Additional checklists for child records and health and safety guidelines are also available at www.ct.gov/oec

All records must be kept on file at the licensed family child care home and be available for review by OEC staff upon request during visits.
