PROVIDERS

how to
become
a licensed
family child
care provider

IS IT RIGHT FOR YOU?

If you're thinking of watching children in your home, there are some important considerations. A provider should be at least 20 years old, enjoy caring for children, have a good understanding of developmental needs of children, use good judgment about safety and supervision, and most importantly... be willing to open heart and home to children!

DEFINITION OF FAMILY CHILD CARE

Family Child Care consists of a private family home caring for not more than six children...where the children are cared for not less than three or more than twelve hours during a twenty-four hour period, and where care is given on a regularly recurring basis.

BENEFITS OF BEING LICENSED

- ! Support from a trained team of specialists
- ! Help creating a safe setting for children
- ! Access to training and educational materials

APPLYING FOR YOUR LICENSE

In order to apply, you will need:

- + A \$40.00 non-refundable application fee
- + Adult medical statements for all adult household members (18 years of age or older)
- + Health records for household children under 18 years of age
- + Proof of current first aid certification
- + Completed foster care or adoption verification form (if applicable)
- + Well water test (if applicable)
- + 3 completed reference forms
- + Background checks (with required fee) for you and all household members 18 years of age or older

*Answer all application questions completely and truthfully. False statements can lead to denial of your application.

LICENSING REQUIREMENTS

Once your application is complete, one of our child care licensing specialists will contact you to schedule an inspection. Some items to have ready for this inspection include:

- + Operable smoke detector on each level of home
- + A mounted 5lb. ABC fire extinguisher
- + A written evacuation plan identifying 2 safe & accessible means of escape
- + Posted telephone and emergency phone numbers
- + Protected electrical cords/outlets
- + Any weapons must be stored unloaded, and locked away separate from ammunition
- + Water temperature may not exceed 120 degrees
- + Current rabies vaccination certificate for dogs/cats
- + Clean, sanitary home and equipment
- + Dangerous items for children — such as sharp knives, scissors, razors, matches, tools, and lawn and garden equipment — should be inaccessible
- + Protected stairways inside and outside
- + Consider regulatory requirements for the outdoor space you wish to use. Fencing may not be required — your licensing specialist will help you with this during the initial inspection.
