Application for Service Delivery (Part 1: Service Summary Chart, Part 2: Scope of Work Details)

Responses to this section must reflect the Respondent's choice(s) of activities based on ability to deliver high-quality services outlined in Part 2: Scope of Work Details. The cost provided indicates the cost of the service described and does not include administrative overhead. Administrative overhead is capped at the federal percentage for those Respondents that receive federal funds. For Respondents who do not receive federal funds, an OEC cap of 15% over the cost of the delivery of service is allowable. This cap is a combined figure inclusive of the lead agency and any sub-grantee administrative cost.

Complete the Application for Service Delivery Parts 1 and 2 indicating your choice(s) for Activity funding consideration. The funds indicated represent a "not to exceed" amount for the period January 2020 through December 2021 (24 months) of services. Please indicate the Respondent's estimate to deliver the service and indicate the Respondent's administrative cost, as well as, the estimate administrative cost of potential sub-contractors, if applicable, not to exceed a federal administrative cap. If the organization does not have a federal administrative cap, do not exceed the OEC cap of 15%.

Please review the Scope of Work Details Chart before indicating Activity choices noting that each activity may indicate specific target audiences, coordination of activities for statewide implementation versus specific regional service delivery. Please note that Activity 1 is the only activity which OEC is accepting applications specific to one or more regions.

It is expected that Respondents are able to provide technical assistance using multiple strategies, such as face-to-face training, jobembedded coaching, program consultation, or facilitation of professional learning communities or communities of practice when appropriate. Needs assessments will be conducted where noted in the Scope of Work document and the data gathered from such assessments will be used by the OEC to provide guidance to all Respondents regarding technical assistance strategies.

The Application for Service Delivery (Part 1 and Part 2) should follow the Executive Summary and the Main Proposal.

Application for Service Delivery Part 1: Service Summary Chart

Respondent Name:

Indicate Choice X	Activity #	Activity Name	Summary Activity Description (see Scope of Work Chart for details)	Amount not to exceed for 24 months of service	Proposed amount to perform the activity for 24 months of service	Respondent administrative overhead (combined total not to exceed 15%)	Sub- contractor administrative overhead (combined total not to exceed 15%)	Total request for funding (proposed amount for service plus combined admin)
	1	National Association for the Education of Young Children (NAEYC) Accreditation Support	Public supports (overviews, study groups, study group satellite activities): program staff in center / group home and school- based settings across 6 regions	\$2,000,000 total for combined regional services				
Indicate Region	Choice X	National Association for the Education of Young Children (NAEYC)	Public supports (overviews, study groups, study group satellite activities): program staff in	Amount not to exceed 24 months of service	Proposed amount to perform the activity for 24 months of service	Respondent administrative overhead (combined total not to exceed 15%)	Sub- contractor administrative overhead (combined	Total request for funding (proposed amount for service plus

	Accreditation Support	center / group home and school- based settings in region of choice		total not to exceed 15%)	combined admin)
Region Name			\$150,000 (with option for \$100,000 for additional staff person)		
Region Name			\$150,000		
Region Name			\$150,000		
Region Name			\$150,000		
Region Name			\$150,000		
Region Name			\$150,000		

2	Consultative Services to Programs and Providers	Per OEC request, respond to the needs of programs with compliance issues regarding licensing, legal, and early care and education contract or content (fragile compliance).	\$100,000		
3	Quality Assurance and Technical Assistance Provider Support	Conduct needs assessments to inform technical assistance strategies and informational needs. In conjunction with OEC, develop a quality assurance monitoring system for use across each technical assistance activity supported by funding in this RFP. Provide support for individuals and entities delivering technical assistance.	\$250,000		

4	Program Leadership Initiative	Conduct three double sessions each year Following OEC's Program Leadership Initiative policies (including space requirements): offer three doublesessions of the CT Credit Assessed OEC Administration and Supervision of Young Children each year.	\$400,000		
5	Standards, Curriculum and Assessment Support	In conjunction with OEC, develop and coordinate technical assistance related to standards, curriculum and assessment, including the provision of competency-based professional development options for teachers, family home providers,	\$560,000		

		and program administrators.			
6	Rating Scales Capacity Building	Maintain a master cadre of environment rating scales (ERS) reliable raters; maintain an ongoing cadre of OEC approved reliable raters for tools identified by OEC. Expand capacity to assess and improve program quality, using additional rating scales or tools. Offer informational sessions on rating	\$270,000		
		tools and deploy reliable raters for monitoring of state funded programs.			
7	Trauma Informed Practice and Insecure Housing Support	Provide training and technical assistance on identifying and serving children and families experiencing	\$48,000		

		homelessness based on the McKinney-Vento definition			
8	Early Childhood Teacher Credential (ECTC) Individual Review	Manage portfolio reviews and intake process for individuals seeking the ECTC through the individual review route. Train and conduct annual inter-rater reliability session for portfolio reviewers. Support higher education ECTC program review process. Develop a stakeholder feedback loop to inform the ECTC IRR.	\$100,000		
9	Fiscal Management Training	Provide training for family childcare and center-based providers in	\$30,000		

		business practices and fiscal management. Develop cadre of approved trainers using OEC developed materials.			
10	Adult Learning In-Service Model Development and Delivery	Provide non-credit bearing adult learning professional development using current OEC approved materials in a choice of models tailored to recipient (jobembedded coaching, professional learning community, modules with coaching, etc.).	\$100,000
