

IMPORTANT COVID-19 INFORMATION EVERY PERSON ENTERING THE FACILITY MUST READ

All adults and kids age 3 years and older must wear masks.*

For the safety of caregivers and staff, children, and the community, please do not enter the building if:

- ◆ you have tested positive for COVID-19.
- ◆ you or anyone in your household have been tested for COVID-19.
- ◆ you or anyone in your household think they could have COVID-19.

Please do not enter the building if you or anyone in your household (including children) have the following symptoms or have been in close contact with anyone with these symptoms:

- ◆ Fever
- ◆ Cough
- ◆ Shortness of breath or difficulty breathing
- ◆ Sore throat
- ◆ Chills
- ◆ Muscle pain
- ◆ New loss of taste or smell

Other less common symptoms have been reported, including symptoms like nausea, vomiting, or diarrhea. If you have any of these symptoms, contact a health professional.

Daily Health Screening Check:

All staff and children are required to be screened for any observable illness, including cough or respiratory distress

Be aware, you are at higher risk if you:

- ◆ are 65 years or older.
- ◆ have serious underlying medical conditions; if so, it is recommended you stay at home.
- ◆ live in a household with individuals age 65 years and older; if so, it is recommended you stay at home.

A list of medical conditions associated with a higher risk of severe illness from COVID-19 can be found in **CDC guidance**. Individuals and families should consult their healthcare provider to determine whether they have medical conditions that place them at risk. Staff concerned about being at risk should have a discussion with their supervisor.

*Anyone who has trouble breathing or has medical conditions are not required to wear a mask.
