Help Your Kids Become Mask-Wearing Superheroes

Mask-wearing helps children learn about staying safe and healthy, and how important it is to respect and take care of each other. Here are some tips to help the little ones you care for:

- **Stay positive!**
- **Encourage them constantly!**
- **Talk about why we wear masks!**
- **Show them a picture of themselves wearing a mask!**
- **Make a big deal when they wear their mask the right way!**
- **Remind them that behind your mask you are smiling!**
- **Let them see you properly wearing your mask!**

**KIDS ARE AMAZING** and they can do this! Give lots of consistent encouragement for trying and learning something new.
