

Register today for this early childhood technology PD series!

The Connecticut Office of Early Childhood (OEC) and Erikson Institute's Technology in Early Childhood (TEC) Center are excited to provide a technology-focused professional development workshop series exclusively for Connecticut early childhood teachers and administrators.

These professional learning opportunities were funded by OEC with funding from the Governor's Emergency Education Relief (GEER) Fund.

TECHNOLOGY PD SERIES WITH TEC CENTER

S IN STEM AT HOME AND IN THE CLASSROOM

Participants will explore STEM topics individually and collectively, discovering how to infuse the school day with science concepts and STEM mindsets. Participants will learn about ways to enrich students' and families' science activities at home.

Thursday, Dec. 16th, 3:30-5:00 pm ([Registration](#))

READING, WRITING, & DIGITAL TOOLS

Participants will explore how to support language and literacy using technology and digital media. Participants will learn about ways to use technology and digital media to support students developing literacy, communication skills, acquiring vocabulary, as well as storytelling.

Friday, Dec 17th, 1:00-2:30 pm ([Registration](#))

MEDIA LITERACY IN EARLY CHILDHOOD

Participants will learn the importance of supporting young children as critical media users. Participants will learn about the latest data on young children's media use and comprehension, and explore way to facilitate media literacy education for young children.

Tuesday, Dec 28th, 3:30-5:00 pm ([Registration](#))
