

INTRODUCING

elevate

CT'S QUALITY IMPROVEMENT SYSTEM

Elevate is CT's quality improvement system, developed to provide free tools, resources, expert information, and support to licensed and license-exempt family, group, and center-based programs.

The Office of Early Childhood (OEC) will meet you where you are and help you grow your program however you want. With Elevate, you're in control. Elevate builds on Connecticut's licensing requirements and links to national accreditation standards. It also brings together OEC's existing technical assistance and professional development opportunities with exciting new resources.

Whether you need help

elevate
has you covered.

There are many resources available to help you at every step.

Get Started with Elevate

Get customized support from our Service Navigators:

- Experienced guides can talk to you about your program's needs, and connect you with the tools and resources you need to reach your specific goals.

Plan your progress as an Elevate member:

- A key step in reaching Member+ status is developing a program plan. Your plan outlines how to get your program from where it is today to where you want to be.

Explore an Elevate focus area:

- Elevate can provide resources across 6 focus areas, each of which is important to a successful child care program.
