## News & Tools for Parents & Providers

Social-emotional learning and development is fundamental to children's success in school and beyond, and its importance is understood now more than ever. The Pyramid Model promotes young children's healthy social and emotional development; and provides tools, strategies, and resources for caregivers and families.

### News

Learning how to share is a big challenge for all children because it often means putting aside one's own needs in order to make someone else happy.

Sharing is not a skill children have when they are born—they need to be taught how to share and how to see that their efforts have helped someone else feel happy or solve a problem.

Scripted stories are a great way to teach children social skills.

*I Am a Super Friend* shows children how to play with others and take turns.

Here's another scripted story on friendship skills:
